

Farewell Speech to Friends

Well, I don't want to ask you to give me a moment of your minutes to share my feelings, because I knew closest friends never ask to spend time they really spend time with their Lovable friend even they had work.

But listen to me, now I'm asking you to spend the precious time of you for my useless topic. I'm saying you the goodbye. Because I became nothing to you.

Just listen atleast this moment because, I'm saying you goodbye which is not simple to me. I'm leaving you, may be due to the mistake by me or yours.

I understood you more than you did for me. We both enjoyed the small part of life together and did funny things, even get scolded by others together, that no one can compensate.

I think you get bored of being with me, again I understand you, you are making fun with others and spending time with them, it's ok for me.

I wish that you will enjoy your life without my presence. It's very hard to me to forget your memories, but life moves on.

Finally I thank God for giving me the happiest time with you.

Be happy and don't lose anyone who loves you unconditionally.

Goodbye !!!!!!!!!!!
